CAMPAIGN ROORBACKS.

Mont Fisher's Latest Proves a Boomerang.

Up to date the campaign conducted by the county Republicans has been been been children by the county Republicans has been been children by the county Republicans has been been county to a "mare's nest," and every one knows what a mare's nest is, But from time to time matters have been brought in, as will be well remembered, which, whom inventigated, have been demonstrated to be without foundation.

Answering the figures which County Clerk Dunbar has caused to be heard all over the county, which have been

the board and the bill paid by warrant 2023.

Now the work of "opening the ledger" can be inspected at any time. It comprised work which could have been done by any expert accountant, or ordinary accountant, in the judgment of the accountants around the building, in four hours at the outside. And the work is so simple that all the men who work on the ligures down there wonder why Fisher did not do it himself.

Concerning the force of clerks engaged, it is explained that Mr. Fisher did not have to make the tax rolls in the days when he worked in the office. This additional work has caused extra expense, as a matter of course.

PARLEY RETURNS.

Dissatisfied With the Situation In Juab.

Parley P. Christensen, secretary of Parley P. Christensen, secretary of the Republican state committee is "back from the south." In this con-nection it may be stated that "Parley declines to be interviewed," beyond the simple expression that "the meet-ings were very successful." But there is trouble, deep-seated and frepressible trouble, down in Juab county. Of ceurse Parley does not want to say anything about it, but from the expression in the eye of the secretary and a certain amount of gloom which overspreads the countenance of the

to say anything about it, but rem the expression in the eye of the secretary and a certain amount of gloom which overspreads the countenance of the chairman, it is evident that something will have to be done to counteract the silver sentiment, if the party carries the county. At the outset the chairman and the balance of the committee believed there was a reasonable chance for carrying Juab county. The nomination of Claude Wheeler was looked upon as an easy thing. Haffield's friends alleged they would have no trouble whatever in getting away with the entire county, and that too because of his nomination.

But now comes a mix in the affairs. Hatfield discovers he has to run a sort of double-barreled campaign; that is to say, he has to be all things to all men. Over in the Nephi district, where the sheep men all congregate, the sentiment is strong for McKinley and a man who does not talk silver to the miners at Tintic will receive such a knifing as he never expected. But the miners have been checking out. They have been istening to speeches on the cast side. The sheep men, too, have been checking out and have "kept cases" on the fellows on the west side. And that is the reason why Hatfield, Christensen, Walton et all rare sorry, because Juab is the most mixed county in the entire state. Something has to be done and that at once or Hatfield is gone.

The Flying Special.

The committee in whose hands was left the matter of making arrangeleft the matter of making arrangements for the proposed special train to convey the leading Democratic speakers to all points in the state where the fron horse makes its way has not yet fully decided on putting the project in operation. Matters in regard to it, however, are progressing favorably, and the only point upon which the committee are in doubt is whether it is advisable so near the end of the campaign to take the best speakers from the field. Some think to do so would work considerable injury to the cause. The committee, however, will decide upon the point today.

ville was a visitor in the city yesterday. Mr. Roylance declares that all which has been sald concerning the Republicans carrying Utah county is the veriest nonsense, as the Democracy is as certain of electing the entire ticket as it was two years ago.

A certain cenductor on the Rapid Transit company's First street line is making himself very offensive to passengers by poking Graham tickets at them and attempting to sitr up political discussions with passengers as to Little Artie's merits. It is suggested that the Rapid Transit superintendent should fack him up to prevent his annoying patrons.

A rousing Democratic raily was held

A rousing Democratic rally was held i Cone's hall, North Sait Lake, last evening. The speakers were S. W. Stewart, Albert C. Merris, F. S. Pernstrom and C. M. Nielsen. A large number of ladles attended. Miss Tomphina and Miss Robbins sang several campaign songs and were loadly applanted.

william Harker of Taylorsville, one of the higners of the petition which made Tom Lawis an independent candidate for sheriff, is not a Republican. On the contrary, he is and always has been a staunch Democrat. The reason assigned for his signing Lewis' petition is that he is an intimate friend of Lewis, besides which they are business partners.

partners.
Designers announcing the Republican rally for last night in the old Sixtecath ward school house were scattered through the Third precinct. The date in the designers was Friday. Oct. 25, so there is no mistake. The hall was lighted up, but no chalman, and not a single Republican speaker put in an appearance. Brown and McGurrin falled to show up. The only Republicans at the fizzle meeting were Ferry Nebeker B. F. Grant, George Tall and two indies. A few Democrats happened in 'to preserve order,' but when it was seen there would be no meeting the "glims were doused," and all was then at an end.

A reception was given at the university last evening by the second-year class. The halls of the university were tastefully decorated and the early part of the evening was occupied in the rendition of the following programme:

Address of welcome, Mr. Welling.
Recitation, Prof. Babcock.
Song, Prof. Stephens.
Plane solo, Misa Thurston.
Speech, Mr. Marshall.

A few hours were spent in dancing and sociability, after which the guests sat down to a dainty supper served by pretty college maidens.

Mr. William G. Sears last evening pleasantly entertained the returned missionaries from Samoa at his residence.

Mrs. Susannah B. Emery leaves for the east this morning.

CHANGE IN THE GAS RATES

ANNOUNCED BY UNION LIGHT & POWER COMPANY.

A Reduction Made On Account of the Opening of the Natural Gas Wells-Manager's Statement.

The Union Light & Power company has fixed a gas rate of \$1.10 per 1,000 cubic feet for fliumination or heating cubic feet for fliumination or heating purposes, effective Nov. 1. The rate is

purposes, effective Nov. I. The rate is subject to a discount of 19 cents per 1,000 feet, providing bills are paid on or before the sin of such successive month. The change is due to the reopening of the old weils last week, which gave the company a supply, though as yet inadequate, of the natural product.

Manager Campbell offered the following statement last night concerning the new rate:

"Two weeks ago we were not using any natural gas. It was unobtainable, and the company had contemplated going on manufactured rates, \$1.90 for lituminating and \$1.00 for fuel, subject to the usual discount, but before putting the same into effect we, in connection with Driver, opened the old wells, and now have enough natural gas to justify our making this new rate."
